ATLAS ELEKTRONIK UK (AEUK) will be conducting Sonar & Towing Trials from 1<sup>st</sup> January to 31<sup>st</sup> March 2022

The trial will involve equipment attachment and streaming in the areas highlighted on the chart extract below and beyond the harbour limits.

The area of operation within Port Limits is shown on the chart below.

During the trials period, the designated trial vessel(s), complete with various length tows (to a maximum length of 200m), will be transiting to, and operating within, the area highlighted. Vessels will transit from the Torpedo Pier to the Outer Harbour using the North Ship Channel.

Restricted in Ability to Manoeuvre Shapes will be displayed from the platform.

A SAFETY VESSEL, usually "BINCLEAVES RIB", will be present at all times when towing operations are occurring within Portland Harbour Limits and Weymouth Bay.

VHF channel 68 will be the working channel.

At key times, during operations involving the platforms, the SAFETY VESSEL will transmit SÉCURITÉ warnings on Channel 74.

Mariners are requested to give all vessels a wide berth during operations.

*LNTM 02/2022(T) is hereby cancelled*

*This Notice is issued under the powers vested by the Portland Harbour Revision Order 1997.*
